**MASTER CONTRACT  
VA-040330-IAI  
BETWEEN  
THE COMMONWEALTH OF VIRGINIA  
AND  
I-ACCESS, INC.**

**1. SCOPE OF AGREEMENT**

This is an agreement (the "Contract" or "Agreement") between the Commonwealth of Virginia ("Commonwealth", "State" or "Virginia Information Technologies Agency" ("VITA")) and I-Access, Inc. (IAI) (the "Contractor"), FEIN # 542048134, having its principal place of business at 7200 Glen Forest Drive, Richmond, VA 23236 for the purchase of Enterprise Storage Devices (the "Product", "Products", or Equipment), along with any required support services (the "Services") pursuant to the Commonwealth's Request For Proposal #2004-12, dated October 23, 2003 (the "RFP") and the Contractor's proposal, dated November 13, 2003 in response thereto. This Agreement establishes a Master Contract for the use by State Agencies, Institutions, and other public bodies as defined in §2.2-4301 of the Virginia Public Procurement Act (VPPA), and hereinafter referred to as "Authorized Users".

All Products are delivered and accepted with any integral software and firmware necessary for the complete operation of the Products. All software and firmware are considered to be perpetual and are not sold as discrete individual items. All Products are bought and sold on a Performance Basis.

**2. INTERPRETATION OF AGREEMENT**

Headings are for reference purposes only and shall not be considered in construing this Agreement.

The documents comprising this Agreement, and their order of precedence in case of conflict, are: (1) this document's pages 1 through 18; (2) Attachment A, entitled CERTIFICATION REGARDING LOBBYING; (3) Attachment B, entitled LISTING OF PRODUCTS & SERVICES, PRICING & CONTRACT USAGE INSTRUCTIONS; (4) Attachment C, entitled PRICING; (5) Attachment D, entitled SERVICES; (6) Attachment E, entitled DISCOUNTS; and (7) all future executed Orders referencing this Agreement. The foregoing documents represent the complete and final agreement of the parties with respect to the subject matter of this Agreement.

If any term or condition of this Agreement is found to be illegal or unenforceable, it shall be severed, and the validity of the remaining terms and conditions shall not be affected.

Nothing in this Agreement shall be construed as an express or implied waiver of the Commonwealth's sovereign or Eleventh Amendment immunity, or as a pledge of its full faith and credit.

**3. INCURRED EXPENSES**

Neither the Commonwealth of Virginia nor the Authorized Users are responsible for expenses incurred by your company to develop and submit your Proposal. Any costs incurred for site visits for discussions or negotiations are also entirely your responsibility.

**4. OWNERSHIP OF OFFEROR DATA**

Ownership of all data, materials, and documentation originated and prepared for the Commonwealth pursuant to the RFP shall belong exclusively to the Commonwealth and be subject to public inspection in accordance with the Virginia Freedom of Information Act. Trade secrets or proprietary information submitted by an offeror shall not be subject to public disclosure under the Virginia Freedom of Information Act; however, the offeror must invoke the protections of § 2.2-4342F of the Code of Virginia, in writing, either before or at the time the data or

other material is submitted. The written notice must specifically identify the data or materials to be protected and state the reasons why protection is necessary. The proprietary or trade secret material submitted must be identified by some distinct method such as highlighting or underlining and must indicate only the specific words, figures, or paragraphs that constitute trade secret or proprietary information. The classification of an entire proposal document, line item prices, and/or total proposal prices as proprietary or trade secrets is not acceptable and will result in rejection of the proposal. In the event that an offeror does identify some materials to be protected, that offeror should supply 2 redacted versions of the response, with all proprietary information removed.

## **5. DURATION AND AVAILABILITY OF PRICES**

The prices, terms and conditions that you specify in your proposal must be valid for 120 days after you submit your proposal. Should any contract be signed, pricing, pricing structure and pricing escalation/de-escalation will be governed by the terms and conditions contained in this RFP.

## **6. APPLICABLE LAWS AND COURTS**

This solicitation and any resulting Contract shall be governed in all respects by the laws of the Commonwealth of Virginia and any litigation with respect thereto shall be brought in the courts of the Commonwealth. The Contractor shall comply with all applicable federal, state and local laws, rules and regulations.

## **7. ANTI-DISCRIMINATION**

By submitting their bids, Offerors certify to the Commonwealth that they will conform to the provisions of the Federal Civil Rights Act of 1964, as amended, as well as the Virginia Fair Employment Contracting Act of 1975, as amended, where applicable, the Virginians With Disabilities Act, the Americans With Disabilities Act and §2.2-4311 of the Virginia Public Procurement Act. If the award is made to a faith-based organization, the organization shall not discriminate against any recipient of goods, services, or disbursements made pursuant to the Contract on the basis of the recipient's religion, religious belief, refusal to participate in a religious practice, or on the basis of race, age, color, gender or national origin and shall be subject to the same rules as other organizations that Contract with public bodies to account for the use of the funds provided; however, if the faith-based organization segregates public funds into separate accounts, only the accounts and programs funded with public funds shall be subject to audit by the public body. (Code of Virginia, § 2.2-4343.1E).

In every Contract over \$10,000 the provisions in A. and B. below apply:

A. During the performance of this Contract, the Contractor agrees as follows:

- 1) The Contractor will not discriminate against any employee or applicant for employment because of race, religion, color, sex, national origin, age, disability, or any other basis prohibited by state law relating to discrimination in employment, except there is a bona fide occupational qualification reasonably necessary to the normal operation of the Contractor. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.
- 2) The Contractor, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, will state that such Contractor is an equal opportunity employer.
- 3) Notices, advertisements and solicitations placed in accordance with federal law, rule or regulation shall be deemed sufficient for the purpose of meeting these requirements.

B. The Contractor will include the provisions of A. above in every subcontract or purchase order over \$10,000, so that the provisions will be binding upon each subcontractor or vendor.

## **8. ETHICS IN PUBLIC CONTRACTING**

By submitting their proposals, Offerors certify that their proposals are made without collusion or fraud and that they have not offered or received any kickbacks or inducements from any other offeror, supplier, manufacturer or subcontractor in connection with their proposal, and that they have not conferred on any public employee having official responsibility for this procurement transaction any payment, loan, subscription, advance, deposit of money, services or anything of more than nominal value, present or promised, unless consideration of substantially equal or greater value was exchanged.

## **9. IMMIGRATION REFORM AND CONTROL ACT OF 1986**

By submitting their proposals, Offerors certify that they do not and will not during the performance of this Contract employ illegal alien workers or otherwise violate the provisions of the federal Immigration Reform and Control Act of 1986.

## **10. DEBARMENT STATUS**

By submitting their proposals, Offerors certify that they are not currently debarred by the Commonwealth of Virginia from submitting bids or proposals on Contracts for the type of goods and/or services covered by this solicitation, nor are they an agent of any person or entity that is currently so debarred.

## **11. USE OF BRAND NAMES**

Unless otherwise provided in this solicitation, the name of a certain brand, make or manufacturer does not restrict Offerors to the specific brand, make or manufacturer named, but conveys the general style, type, character, and quality of the article desired. Any article which the public body, in its sole discretion, determines to be the equal of that specified, considering quality, workmanship, economy of operation, and suitability for the purpose intended, shall be accepted. The Offeror is responsible to clearly and specifically identify the product being offered and to provide sufficient descriptive literature, catalog cuts and technical detail to enable the Commonwealth to determine if the product offered meets the requirements of the solicitation. This is required even if offering the exact brand, make or manufacturer specified. Normally in competitive sealed bidding only the information furnished with the bid will be considered in the evaluation. Failure to furnish adequate data for evaluation purposes may result in a proposal being eliminated from further consideration. Unless the Offeror clearly indicates in its proposal that the product offered is an equal product, such proposal will be considered to offer the brand name product referenced in the solicitation.

## **12. INSURANCE**

By signing and submitting a proposal under this solicitation, the Offeror certifies that if awarded the Contract, it will have the following insurance coverages at the time the Contract is awarded. The Offeror further certifies that the Contractor and any subcontractors will maintain these insurance coverages during the entire term of the Contract and that all insurance coverages will be provided by insurance companies authorized to sell insurance in Virginia by the Virginia State Corporation Commission.

### **Insurance Coverages And Limits Required:**

1. Worker's Compensation - Statutory requirements and benefits.
2. Employers Liability - \$100,000.
3. Commercial General Liability - \$500,000 combined single limit. Commercial General Liability is to include Premises/Operations Liability, Products and Completed Operations Coverage, and Independent Contractor's Liability or Owner's and Contractor's Protective Liability. The Commonwealth of Virginia must be named as an additional insured when requiring a Contractor to obtain Commercial General Liability coverage.

### **13. ANNOUNCEMENT OF AWARD**

Upon the award or the announcement of the decision to award a contract over \$30,000, as a result of this solicitation, the purchasing agency will publicly post such notice on the VITA website ([www.asd.virginia.gov](http://www.asd.virginia.gov)) and eVA web site ([www.eva.state.va.us](http://www.eva.state.va.us)) for a minimum of 10 days.

### **14. APPLICABLE LAWS AND COURTS**

Any resulting Contract shall be governed in all respects by the laws of the Commonwealth of Virginia and any litigation with respect thereto shall be brought in the courts of the Commonwealth. The Contractor shall comply with all applicable federal, state and local laws, rules and regulations.

### **15. ANTI-DISCRIMINATION**

Contractor, during the term of the Contract, will conform to the provisions of the Federal Civil Rights Act of 1964, as amended, as well as the Virginia Fair Employment Contracting Act of 1975, as amended, where applicable, the Virginians With Disabilities Act, the Americans With Disabilities Act and §2.2-4311 of the Virginia Public Procurement Act. If the award is made to a faith-based organization, the organization shall not discriminate against any recipient of goods, services, or disbursements made pursuant to the Contract on the basis of the recipient's religion, religious belief, refusal to participate in a religious practice, or on the basis of race, age, color, gender or national origin and shall be subject to the same rules as other organizations that Contract with public bodies to account for the use of the funds provided; however, if the faith-based organization segregates public funds into separate accounts, only the accounts and programs funded with public funds shall be subject to audit by the public body. (Code of Virginia, § 2.2-4343.1E).

In every Contract over \$10,000 the provisions in A. and B. below apply:

A. During the performance of this Contract, the Contractor agrees as follows:

- 1) The Contractor will not discriminate against any employee or applicant for employment because of race, religion, color, sex, national origin, age, disability, or any other basis prohibited by state law relating to discrimination in employment, except there is a bona fide occupational qualification reasonably necessary to the normal operation of the Contractor. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.
- 2) The Contractor, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, will state that such Contractor is an equal opportunity employer.
- 3) Notices, advertisements and solicitations placed in accordance with federal law, rule or regulation shall be deemed sufficient for the purpose of meeting these requirements.

B. The Contractor will include the provisions of A. above in every subcontract or purchase order over \$10,000, so that the provisions will be binding upon each subcontractor or vendor.

### **16. ETHICS IN PUBLIC CONTRACTING**

Contractor certifies that its proposal and any performance hereunder are made without collusion or fraud and that it has not offered or received any kickbacks or inducements from any other offeror, supplier, manufacturer or subcontractor in connection with their proposal or the performance of this Contract, and that they have not conferred on any public employee having official responsibility for this procurement transaction any payment, loan, subscription, advance, deposit of money, services or anything of more than nominal value, present or promised, unless consideration of substantially equal or greater value was exchanged.

## 17. IMMIGRATION REFORM AND CONTROL ACT OF 1986

Contractor will not during the performance of this Contract employ illegal alien workers or otherwise violate the provisions of the federal Immigration Reform and Control Act of 1986.

## 18. ANTITRUST

By entering into a Contract, the Contractor conveys, sells, assigns, and transfers to the Commonwealth of Virginia all rights, title and interest in and to all causes of action it may now have or hereafter acquire under the antitrust laws of the United States and the Commonwealth of Virginia, relating to the particular goods or services purchased or acquired by the Commonwealth of Virginia under said Contract.

## 19. PAYMENT

### A. To Prime Contractor:

- 1) Invoices for items ordered, delivered and accepted shall be submitted by the Contractor directly to the payment address shown on the purchase order/Contract. All invoices shall show the state Contract number and/or purchase order number; social security number (for individual Contractors) or the federal employer identification number (for proprietorships, partnerships, and corporations).
- 2) Any payment terms requiring payment in less than 30 days will be regarded as requiring payment 30 days after invoice or acceptance, whichever occurs last. This shall not affect offers of discounts for payment in less than 30 days, however.
- 3) All goods or services provided under this Contract or purchase order, that are to be paid for with public funds, shall be billed by the Contractor at the Contract price, regardless of which public agency is being billed.
- 4) The following shall be deemed to be the date of payment: the date of postmark in all cases where payment is made by mail, or the date of offset when offset proceedings have been instituted as authorized under the Virginia Debt Collection Act.
- 5) **Unreasonable Charges.** Under certain emergency procurements and for most time and material purchases, final job costs cannot be accurately determined at the time orders are placed. In such cases, Contractors should be put on notice that final payment in full is contingent on a determination of reasonableness with respect to all invoiced charges. Charges that appear to be unreasonable will be researched and challenged, and that portion of the invoice held in abeyance until a settlement can be reached. Upon determining that invoiced charges are not reasonable, the Commonwealth shall promptly notify the Contractor, in writing, as to those charges which it considers unreasonable and the basis for the determination. A Contractor may not institute legal action unless a settlement cannot be reached within thirty (30) days of notification. The provisions of this section do not relieve an agency of its prompt payment obligations with respect to those charges that are not in dispute (Code of Virginia, § 2.2-4363).

### B. To Subcontractors:

- 1) A Contractor awarded a Contract under this solicitation is hereby obligated:
  - (a) To pay the subcontractor(s) within seven (7) days of the Contractor's receipt of payment from the Commonwealth for the proportionate share of the payment received for work performed by the subcontractor(s) under the Contract; or

- (b) To notify the Agency and the subcontractor(s), in writing, of the Contractor's intention to withhold payment and the reason.
- (c) The Contractor is obligated to pay the subcontractor(s) interest at the rate of one percent per month (unless otherwise provided under the terms of the Contract) on all amounts owed by the Contractor that remain unpaid seven (7) days following receipt of payment from the Commonwealth, except for amounts withheld as stated in (b) above. The date of mailing of any payment by U. S. Mail is deemed to be payment to the addressee. These provisions apply to each sub-tier Contractor performing under the primary Contract. A Contractor's obligation to pay an interest charge to a subcontractor may not be construed to be an obligation of the Commonwealth.

## **20. ASSIGNMENT OF CONTRACT**

To the fullest extent permitted by law, the parties agree that Contractor's rights under this Contract shall not be assignable, in whole or in part, to any other party without the Virginia Information Technologies Agency's (VITA's) written consent, and that any purported assignment or transfer without such consent shall be null and void. If any law limits the right of the parties to prohibit assignment or nonconsensual assignments, the effective date of the assignment shall be as follows. The Contractor shall give the VITA purchasing office prompt written notice of the assignment, signed by authorized representatives of both the Contractor and the assignee. This written notice shall be on VITA's "Assignment Notice / Payment Instruction" form and shall provide all information requested on that form. Copies of the form may be obtained from the Contracts Manager VITA. Upon VITA's acknowledgment of receipt of the properly executed form, the Assignee shall notify the Controller, VITA of the assignment and shall supply the Controller, with a copy of the properly executed form. Any payments made prior to receipt of such notification and form shall not be covered by this assignment.

In the event VITA receives any notice from a third party claiming to be an assignee of any rights of the Contractor under this Contract, Contractor agrees that payment or other performance in respect of those rights shall not be due until at least thirty days after VITA's receipt of the notice required by the above paragraph or receipt of a similarly executed notice confirming the absence or revocation of the purported assignment. Supply Chain Management shall promptly notify the Contractor of any assignment notice it receives.

## **21. MODIFICATIONS**

This contract maybe modified in accordance with §2.2-4309 of the Code of Virginia. Such modifications may only be made by the representatives authorized to do so. No modifications to this contract shall be effective unless it is in writing and signed by the duly authorized representative of both parties. No term or provision hereof shall be deemed waived and no breach excused unless such waiver or consent to breach is in writing. Any contract issued on a firm fixed price basis may not be increased more than twenty five percent (25%) or \$50,000.00 whichever is greater, without the approval of the Governor of the Commonwealth of Virginia or his authorized designee.

## **22. DEFAULT**

In case of failure to deliver goods or services in accordance with the Contract terms and conditions, the Commonwealth, after due oral or written notice, may procure them from other sources and hold the Contractor responsible for any resulting additional purchase and administrative costs. This remedy shall be in addition to any other remedies which the Commonwealth may have.

## **23. TAXES**

Sales to the Commonwealth of Virginia are normally exempt from State sales tax. State sales and use tax certificates of exemption, Form ST-12, will be issued upon request, and can be obtained online at <http://www.tax.state.va.us/>. Deliveries against this Contract shall usually be free of Federal excise and transportation taxes. The Commonwealth's excise tax exemption registration number is 54-73-0076K.

## **24. INSURANCE**

By signing and submitting a proposal, the Contractor has certified that if awarded the Contract, it will have the following insurance coverages at the time the Contract is awarded. For construction Contracts, if any subcontractors are involved, the subcontractor will have workers' compensation insurance in accordance with §§ 2.2-4332 and 65.2-800 et seq. of the Code of Virginia. The bidder or offeror further certifies that the Contractor and any subcontractors will maintain these insurance coverages during the entire term of the Contract and that all insurance coverages will be provided by insurance companies authorized to sell insurance in Virginia by the Virginia State Corporation Commission.

### **INSURANCE COVERAGES AND LIMITS REQUIRED:**

- a. Worker's Compensation - Statutory requirements and benefits.
2. Employers Liability - \$100,000.
3. Commercial General Liability - \$500,000 combined single limit. Commercial General Liability is to include Premises/Operations Liability, Products and Completed Operations Coverage, and Independent Contractor's Liability or Owner's and Contractor's Protective Liability. The Commonwealth of Virginia must be named as an additional insured when requiring a Contractor to obtain Commercial General Liability coverage.

## **25. DRUG-FREE WORKPLACE**

During the performance of this Contract, the Contractor agrees to (i) provide a drug-free workplace for the Contractor's employees; (ii) post in conspicuous places, available to employees and applicants for employment, a statement notifying employees that the unlawful manufacture, sale, distribution, dispensation, possession, or use of a controlled substance or marijuana is prohibited in the Contractor's workplace and specifying the actions that will be taken against employees for violations of such prohibition; (iii) state in all solicitations or advertisements for employees placed by or on behalf of the Contractor that the Contractor maintains a drug-free workplace; and (iv) include the provisions of the foregoing clauses in every subcontract or purchase order of over \$10,000, so that the provisions will be binding upon each subcontractor or vendor.

For the purposes of this section, "drug-free workplace" means a site for the performance of work done in connection with a specific Contract awarded to a Contractor, the employees of whom are prohibited from engaging in the unlawful manufacture, sale, distribution, dispensation, possession or use of any controlled substance or marijuana during the performance of the Contract.

## **26. NONDISCRIMINATION OF CONTRACTORS**

A Contractor shall not be discriminated against in the solicitation or award of this Contract because of race, religion, color, sex, national origin, age, or disability or against faith-based organizations. If the award of this Contract is made to a faith-based organization and an individual, who applies for or receives goods, services, or disbursements provided pursuant to this Contract objects to the religious character of the faith-based organization from which the individual receives or would receive the goods, services, or disbursements, the public body shall offer the individual, within a reasonable period of time after the date of his objection, access to equivalent goods, services, or disbursements from an alternative provider.

## **27. ORDERS**

  - 2) Any other order/payment charge or credit card process, such as AMEX, MASTERCARD, or VISA under contract for use by an Authorized User.

This ordering authority is limited to issuing orders for the Products/Software available under this Agreement. Under no circumstances shall any Authorized User of the Commonwealth have the authority to modify this Agreement.

Contractor acknowledges that the forgoing is not limited to preclude the Commonwealth from issuing Orders against subject Contract as it so chooses.

## **28. DELIVERY DATE**

The Contractor shall deliver the Equipment, ready for testing, within twenty-one (21) days ARO for all Standard Orders, and within the number of days as quoted in contractor's response to all Requests for Quotations (RFQ). If delivery of all Products is not completed within the number of days specified in each Standard or RFQ Process order by the contractor or Contractor has a history of late deliveries beyond the required days, the Commonwealth may, at its sole discretion, cancel the Agreement without further obligation and or the Authorized User may cancel the individual Order. All Products shall meet or exceed all conditions as delineated in this Agreement, and meet or exceed any published specifications provided by the Contractor or manufacturer including, but not limited to, physical characteristics, operating characteristics, space requirements, power requirements, and warranty.

### **34. ACCEPTANCE**

The Products shall be deemed accepted on the first day after successful completion of the acceptance period. The Warranty Period shall begin upon successful completion of the acceptance period. Upon request, the Commonwealth shall provide written confirmation of acceptance. Vendors desiring to provide goods and/or services to the Commonwealth shall participate in the eVA Internet e-procurement solution and agree to comply with the following:

a. Submit a fully executed American Management Systems, Inc., (AMS) Trading Partner Agreement, a copy of which can be accessed and downloaded from <http://learnabouteva.dgs.state.va.us/Supplier/files/TPA110402.pdf>. ## **39. BREACH**

The Contractor shall be deemed in breach of this Agreement if the Contractor (a) fails to make any Product or Service ready for acceptance testing by the specified delivery date; (b) repeatedly fails to respond to requests for maintenance or other required service within the time limits set forth in this Agreement; (c) fails to comply with any other term of this Agreement and fails to cure such noncompliance within ten days (or such greater period as is acceptable to the Commonwealth) following Contractor's receipt of a Show Cause Notice identifying such

noncompliance; or (d) fails to provide a written response to the Commonwealth's Show Cause Notice within ten days after receiving same.

The Contractor shall not be in breach of this Agreement if its default was due to causes beyond the reasonable control of, and occurred without any fault or negligence on the part of, both the Contractor and its subcontractors. Such causes may include, but are not restricted to, acts of God or of the public enemy, acts of the Commonwealth in either its sovereign or Contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather.

In the event of breach, in addition to any other remedies provided by law, the Commonwealth may cancel its obligations with respect to any or all unaccepted Products or Services. All costs for deinstallation and return of Products shall be borne by the Contractor. In no event shall any failure by the Commonwealth to exercise any remedy available to it be construed as a waiver of or consent to any breach.

#### **40. NON-APPROPRIATION**

All funds for payment of equipment, software or services ordered under this Contract are subject to the availability of legislative appropriation for this purpose. In the event of non-appropriation of funds by the Legislature for the items under this Contract, the Commonwealth will terminate this Contract for those goods or services for which funds have not been appropriated. Written notice will be provided to the Contractor as soon as possible after legislative action is completed.

If any purchases are to be supported by federal funding, and such funding is not made available, the Commonwealth may terminate this Contract for goods or services dependent on such federal funds without further obligation.

#### **41. CONTRACTUAL RECORDS**

The Contractor shall make all Contractual books and records and other documents relating to matters under this Agreement available to the Commonwealth and its designated agents for purposes of audit and examination for a period of three years after final payment. Contractual records include, but are not limited to, this Agreement and all executed Orders, Attachments, modifications, invoices, and correspondence between the parties to this Agreement.

#### **42. PRIME CONTRACTOR RESPONSIBILITY**

If the Contractor's proposal includes any goods or services to be supplied by another party, the Contractor agrees as follows:

a. The Contractor shall act as prime Contractor for the procurement and maintenance of the entire proposed configuration and shall be the sole point of contact with regard to all obligations under this Agreement.

b. The Contractor hereby represents and warrants that the Contractor has made such other party aware of the proposed use and disposition of the other party's product or services, and that such other party has agreed in writing that it has no objection thereto.

#### **43. PATENT/COPYRIGHT PROTECTION**

Contractor, at its own expense, shall defend any suit brought against the Commonwealth for the infringement of patents, copyrights or trade secrets enforceable in the United States if the claim of infringement is alleged to relate to or arise from the Contractor's or Commonwealth's use of any equipment, software, materials or information prepared, developed or delivered in connection with performance of this Agreement. In such suit,

Contractor shall indemnify the Commonwealth, its agents, officers and employees for any loss, liability or expense incurred as a result of such suit.

The purchasing agency shall notify the Contractor of such suit within a reasonable time after learning of it and shall give the Contractor the full right and opportunity to conduct the defense of the suit, subject however to the requirements of Section 2.2-510 and Section 2.2-514 of the Code of Virginia or any successor statute. If principles of governmental or public law are involved, the Commonwealth may, at its option and expense, participate in the defense of the suit.

The Contractor shall not be required to indemnify the Commonwealth for liability arising solely out of the Commonwealth's own specifications or design or solely from the combination of equipment or software furnished hereunder with any equipment or software not supplied by the Contractor.

If, any Product or Service becomes, or in the Contractor's opinion, is likely to become, the subject of a claim of infringement, Contractor may, at its option, provide noninfringing substitutes that are satisfactory to the Commonwealth, or at Contractor's option and expense, may obtain the right for the Commonwealth to continue the use of such Product or Service.

If the use of such equipment or software by the Commonwealth is prevented by permanent injunction or by Contractor's failure to procure the right for the Commonwealth to continue using the software, the Contractor agrees to take back the infringing equipment, software, materials or information and refund the total amount the Commonwealth has paid Contractor under this Agreement, less one half (1/2%) percent of the total paid for each month of use by the Commonwealth.

#### **44. CONTRACTUAL DISPUTES**

In accordance with Section 2.2-4363 of the Code of Virginia, Contractual claims, whether for money or other relief, shall be submitted in writing to the purchasing agency no later than sixty (60) days after final payment; however, written notice of the Contractor's intention to file such claim must be given to such agency at the time of the occurrence or beginning of the work upon which the claim is based. Pendency of claims shall not delay payment of amounts agreed due in the final payment. The purchasing agency shall render a final decision in writing within thirty (30) days after its receipt of the Contractor's written claim.

The Contractor may not invoke any available administrative procedure under Section 2.2-4365 of the Code of Virginia nor institute legal action prior to receipt of the purchasing agency's decision on the claim, unless that agency fails to render its decision within thirty (30) days. The decision of the purchasing agency shall be final and conclusive unless the Contractor, within six (6) months of the date of the final decision on the claim, invokes appropriate action under Section 2.2-4364, Code of Virginia or the administrative procedure authorized by Section 2.2-4365, Code of Virginia.

The Virginia Information Technologies Agency, its officers, agents and employees, including, without limitation, the Contracts Manager, are executing this Agreement and any Orders issued hereunder, solely in its or their statutory and regulatory capacities as agent for the Commonwealth agency purchasing and receiving the goods or services identified in Attachment "A" to this Agreement or on the subsequent Order in question and need not be joined as a party to any dispute that may arise thereunder.

In the event of any breach by the Commonwealth, Contractor's remedies shall be limited to claims for damages and Prompt Payment Act interest and, if available and warranted, equitable relief, all such claims to be processed pursuant to this Section. In no event shall Contractor's remedies include the right to terminate any license or support services hereunder.

#### **45. LIMITATION OF LIABILITY**

To the maximum extent permitted by applicable law, the Contractor's liability under this Contract for loss or damages to government property caused by use of any defective or deficient supplies, products, equipment and/or services delivered under this Contract shall not exceed two (2) times the amount of money paid to the Contractor under this Contract during the twelve month period preceding the event or circumstance giving rise to such liability. The Contractor will not be liable under this Contract for any indirect, incidental, special or consequential damages, or damages from loss of profits, revenue, data or use of the supplies, equipment and/or services delivered under this Contract. The above limitation of liability is per incident. The limitation and exclusion of damages in the foregoing sentences will not apply, however, to liability arising from: (a) personal injury or death; (b) defect or deficiency caused by willful misconduct or negligence on the part of the Contractor; or (c) circumstances where the Contract expressly provides a right to damages, indemnification or reimbursement.

#### 46. PERIODIC PROGRESS REPORTS/INVOICES

This Contract shall require the submission of periodic Contract performance progress reports or program status reports. The Contractor will include a section on involvement of small businesses and businesses owned by women and minorities. This section will specify the actual dollars contracted to date with such businesses, actual dollars expended to date with such businesses and the total dollars planned to be contracted for with such businesses on this Contract. This information shall be provided separately for small and disadvantaged businesses, minority-owned and women-owned businesses.

#### 47. FINAL ACTUAL INVOLVEMENT REPORT

Totals for Business Class		_____	_____	_____

#### 48. COMPLIANCE WITH FEDERAL LOBBYING ACT

A. Contractor shall not, in connection with this Agreement, engage in any activity prohibited by 31 U.S.C.A. Section 1352 (entitled "Limitation on use of appropriated funds to influence certain Federal Contracting and financial transactions") or by the regulations issued from time to time thereunder (together, the "Lobbying Act"), and shall promptly perform all obligations mandated by the Lobbying Act in connection with this Agreement, including, without limitation, obtaining and delivering to the Commonwealth all necessary certifications and disclosures.

B. Contractor is hereby advised that a significant percentage of the funds used to pay Contractor's invoices under this Agreement may be federal funds. Under no circumstances shall any provision of this Agreement be construed as requiring or requesting the Contractor to influence or attempt to influence any person identified in 31 U.S.C.A. Section 1352 (a) (1) in any matter.

C. A representative of Contractor shall sign the certification attached Attachment "A" and deliver such certification to the Commonwealth simultaneously with the execution and delivery of this Agreement. Contractor shall have the certification signed by a representative with knowledge of the facts and shall fulfill the promises of undertakings set forth in the certification.

#### **49. NONVISUAL ACCESS TO TECHNOLOGY**

All information technology which, pursuant to this Agreement, is purchased or upgraded by or for the use of any State agency or institution or political subdivision of the Commonwealth (the "Technology") shall comply with the following nonvisual access standards from the date of purchase or upgrade until the expiration of this Agreement:

(i) effective, interactive control and use of the Technology shall be readily achievable by nonvisual means;

(ii) the Technology equipped for nonvisual access shall be compatible with information technology used by other individuals with whom any blind or visually impaired user of the Technology interacts;

(iii) nonvisual access technology shall be integrated into any networks used to share communications among employees, program participants or the public: and

(iv) the technology for nonvisual access shall have the capability of providing equivalent access by nonvisual means to telecommunications or other interconnected network services used by persons who are not blind or visually impaired.

Compliance with the foregoing nonvisual access standards shall not be required if the head of the using agency, institution or political subdivision determines that (I) the Technology is not available with nonvisual access because the essential elements of the Technology are visual and (ii) nonvisual equivalence is not available.

Installation of hardware, software, or peripheral devices used for nonvisual access is not required when the Technology is being used exclusively by individuals who are not blind or visually impaired, but applications programs and underlying operating systems (including the format of the data) used for the manipulation and presentation of information shall permit the installation and effective use of nonvisual access software and peripheral devices.

If requested, the Contractor must provide a detailed explanation of how compliance with the foregoing nonvisual access standards is achieved and a validation of concept demonstration.

The requirements of this Paragraph shall be construed to achieve full compliance with the Information Technology Access Act, 2.2-3500 through 2.2-3504 of the Code of Virginia.

#### **50. EXCLUSIVITY OF TERMS AND CONDITIONS**

The Virginia Information Technologies Agency (VITA) will not sign or execute any additional contract, license or other agreement, including shrink-wrap Software, containing contractual terms and conditions as a result of this procurement. Any documents signed by persons other than the Contracts Manager, VITA, shall have no validity and the attached Terms and Conditions shall supersede all such agreements.

## **51. CONTRACTOR'S REPORT OF SALES**

The Contractor must report the quarterly dollar value, in U.S. dollars and rounded to the nearest whole dollar, of all sales under this Contract by calendar quarter; i.e., January through March, April through June, July through September, and October through December. The dollar value of a sale is the price paid by the user for products and services on a Contract order as recorded by the Contractor. The reported Contract sales value must include the Industrial Funding Adjustment, as delineated in paragraph entitled "Industrial Funding Adjustment". The Contractor shall provide this report in hard copy to the Controller, VITA, and a copy of the report to the Contracts Manager, VITA/SCM, both within 30 days after the end of each quarterly reporting period as defined herein. The report must show each individual item and quantities purchased and the purchaser. The report is required to be hard copy. VITA may at a later time, agree to an electronic version of the report, however, in lieu of any express agreement by both parties as to the electronic format, the Commonwealth will only accept a hardcopy version. The Contractor shall define "sale" prior to the first reporting period and then shall maintain that definition through out the term of this Agreement. Sale may be defined as; 1) when the Commonwealth pays the purchase price, or 2) when the Commonwealth accepts the Products or 3) other as defined by the Contractor.

## **52. INDUSTRIAL FUNDING ADJUSTMENT**

The Contractor must pay VITA, an Industrial Funding Adjustment (IFA). The Contractor must remit the IFA within 30 days after the end of each quarterly reporting period as established in the clause entitled "Contractor's Report of Sales". The IFA equals two percent (2%) of the total quarterly sales reported. Contractor shall remit the IFA together with a copy of the Contractor's Report of Sales as delineated in the above paragraph. The IFA reimburses the Commonwealth and defrays the costs for IT procurement and the administration of the subsequent awards. The IFA amount due must be paid by check with identification of "VA-040330-IAI", "report amount", and "report period", on either the check stub or other remittance material. VITA may at its discretion, agree to an electronic funds transfer, in lieu of a check, however in the absence of an express written agreement from VITA that validates the electronic funds transfer, then the payment shall be made by check as described herein made payable to the Controller, VITA.

If the full amount of the IFA is not paid within 30 calendar days after the end of the applicable reporting period, it shall constitute a Contract debt to the Commonwealth of Virginia, and the State may exercise all rights and remedies available under law. Failure to submit sales reports, falsification of sales reports, and or failure to pay the IFA in a timely manner may result in termination or cancellation of this Contract. Willful failure or refusal to furnish the required reports, falsification of sales reports, or failure to make timely payment of the IFA constitutes sufficient cause for terminating this Contract for default.

It is the intent of the Commonwealth to capture 2% of all sales, including temporary reduced pricing, fire sales, one time sales, trade ins, promotional items that have been marked down and all sales to the Commonwealth under this Agreement.

## **53. EQUIPMENT CONDITION**

All equipment to be supplied by Contractor shall be new equipment.

## **54. CONTRACTOR SPONSORED PRODUCT PROMOTIONS**

The Contractor, at its discretion, is allowed to sponsor product and service promotions during the Contract term or any extensions thereof under the following conditions:

- 1) Contractor is required to provide in writing to VITA, at least 5 days prior to the promotion, the dates of the promotion or the duration of the promotion to include the commencement date and the ending date; the acceptable writing may be e-mail, or correspondence via USPS or other, and
- 2) Contractor is required to identify in writing, the exact products or services covered in the promotion, and

- 3) Contractor is required to identify in writing, the pricing during the promotion or the percentage discount, and
- 4) All Contractor Sponsored Product or Service Promotions are required to be available to all Authorized Users of the Contract. Should the Contractor request a promotion that would be limiting, either through product configuration or quantities of products, the Commonwealth at its discretion, will not provide a written agreement. Both parties agree that promotions shall not target any one Authorized User, or a few Authorized Users, and
- 5) All Contractor sponsored Product or Service Promotions shall be mutually agreed to in writing. The Contractor shall be in breach of the Agreement in the absence of a writing from both parties. The writing may be e-mail or correspondence via USPS or other, and
- 6) In any instance of conflict between this clause "Contractor Sponsored Product or Service Promotions" and the Agreement, this clause shall take precedence. And
- 7) In any event wherein the Contractor proposes prices that are different than the Contract prices to any Authorized User, without first obtaining mutual agreement in the format as identified herein, the Contractor shall be in breach of the Agreement and the Commonwealth shall have all remedies available under Contract and law. And
- 8) The Commonwealth, at its discretion, may assist in advertising the promotion. This assistance will consist of advertising space on the Commonwealth's various web sites, or other assistance at the Commonwealth's discretion.

## **55. TERM**

This Agreement shall take effect on the date of its final execution by both parties, and shall continue in full force until May 31, 2006, "initial Term". The Commonwealth at its sole discretion may extend this Agreement for three (3) additional one (1) year periods. The Commonwealth will issue a written notification to the Contractor stating the extension period, 30 days prior to the expiration of any current Term.

## **56. TERMINATION FOR CONVENIENCE**

The Commonwealth may terminate this Contract in whole or in part for convenience at any time by submitting to the Contractor a writing, sixty (60) days prior to the date of Termination. The Commonwealth shall be obligated for all outstanding Orders, according to the Contract, subsequent to this Termination. The Commonwealth shall not be obligated for any other costs in the event of Termination for convenience.

## **57. CATALOG INTEGRITY**

The Contractor agrees to continuously provide an updated catalog minimally every 90 days that will be available to all Authorized Users. The updated catalogue may be on eVA only or located at the Contractor's web site, or both, as provided for herein, but in every instance all catalogs maintained by the Contractor shall be up to date.

## **58. INTEGRAL SOFTWARE**

All Products are delivered with any necessary firmware, and or software integral to the Product necessary for the complete operation. All firmware and software shall be considered to be the latest version available and any software upgrades necessary for the complete operation of the Products shall be available at no cost to the Authorized User. All licenses granted under this Agreement are provided on a non-exclusive, irrevocable perpetual license basis and shall commence upon the acceptance of the Product by the Authorized User.

## **59. INTELLECTUAL PROPERTY INDEMNIFICATION**

Contractor will defend, indemnify and hold the Commonwealth harmless from any action based on a claim that an Authorized User's use of the products or services in accordance with this agreement infringes any patent, copyright, or trade secrets of any third party.

**LISTING OF PRODUCTS & SERVICES, PRICING & CONTRACT USAGE INSTRUCTIONS**

Attachment "B" is hereby incorporated into and made an integral part of Agreement Number VA-040330-IAI between I-Access, Inc. and the Commonwealth of Virginia. In the event of any discrepancy between this Attachment "B" and pages 1 through 18 of this Contract VA-040330-IAI, the provisions on those pages 1 – 18 of Contract VA-040330-IAI shall control.

- **PRODUCTS & SERVICES:** All product and related services (warranty upgrades, maintenance SLAs) pricing is contained in "Attachment C". Supplemental services are contained in "Attachment D".
- **PRICING:** All pricing shown in "Attachment C" is Not-to-Exceed pricing for the term of this contract. All "Percentage Discounts" indicated are fixed for the entire term of this contract. All purchase prices for each order are calculated by taking the appropriate percentage discount from the current price found at the indicated Index Price List Source, on the actual date of each order (this price cannot exceed the price for that product shown in Attachment C). For items acquired through the standard order process, pricing will be determined by the contractor's current eVA catalog. For systems/items acquired through the RFQ order process, pricing will be determined by each contractor's quotation. The contractor(s) will calculate the quoted pricing by using the prices found at the index price list source, less the appropriate percentage discounts. Separate pricing may be submitted for Government vs. Academic to account for higher discounts to education and, if offered, are indicated in Attachment C, the Index Price List Source and in the eVA catalog.

The Index Price List Source is a widely used, publicly available Index Price List that has a consistent basis of calculation and is available throughout the life of the contract, for instance, a GSA Contract/Price Schedule or a manufacturer's Suggest Retail Price List. If the basis of calculation for the Index Price List changes in a material fashion during the life of the contract, the Commonwealth and the contractor will renegotiate any Index Price List Source changes and pricing to ensure that the net price to the Commonwealth is consistent with percentage discounts calculated from the original index source. Any new Index Price List must be submitted to VITA for review at least 30 days prior to any request for contract modification.

It is important to remember that the net price indicated in the original price list, Attachment C, is a "not-to-exceed" price. A Contractor may opt to be more competitive than this price for a specific purchase or a specific authorized user, but pricing shall never exceed the net price indicated in Attachment C.

- **Additional Discounts:** Transaction and Payment based discounts are shown in Attachment E. Users should check with supplier, to determine if additional discounts will apply, when placing each standard process or RFQ process order.

## **CONTRACT USAGE INSTRUCTIONS:**

1. **Standard Order Process:** Direct Orders placed in eVA, with pricing calculated from the Index Price List Source, without the benefit of a quote from the contractor, are considered an order using the standard order process. This process is normally used for small, incidental items.

In the standard process, authorized users will refer to a catalog-type Product/Price List, which will be available on eVa, to determine pricing for the required product. The authorized user will determine (on its own or by working with a contractor) the required specifications for the purchase. The authorized user will then place an order on eVA for that product. The pricing for that product will not exceed (but may be lower than) the net price indicated for that product (or set of products) on the Product/Price list.

2. **Request for Quote (RFQ) Order Process:** This process involves contacting one or more Enterprise Storage Device contractors and requesting formal written quotes be provided. An eVA Direct Order, based upon and referencing the quote received is then issued. This process is normally used for all but small, incidental purchases.

In some instances, authorized users may be purchasing very large products or systems that justify price breaks above-and-beyond those offered in the "not-to-exceed" pricing indicated in the catalog price lists. In this case, authorized users may complete and issue a Request for Quotation, or RFQ. In most cases where an RFQ is used, the authorized user will define the specifications of the required product(s) and/or service(s) and issue the RFQ to the appropriate contractors. Contractors will have a pre-determined amount of time to respond to the RFQ with qualitative responses (if requested) and a price quotation. Generally, the authorized user will select the contractor offering the lowest total cost proposal; however non-price factors may be included in the evaluation criteria for a given RFQ. The evaluation criteria, format, timing, and requirements will be clearly outlined on the RFQ document. In some situations, the authorized user may not identify the exact specifications required. If this is the case, the RFQ respondents will be given the opportunity to identify and propose their recommended specifications. Any purchase that is a result of the RFQ process will be subject to the Terms and Conditions specified and outlined in this Contract and any subsequent modifications. Additional Terms and Conditions may be requested or mandated within the RFQ document.

## **WARRANTY and MAINTENANCE**

Contractor will supply a one-year minimum repair or replacement warranty period, or manufacturer's standard warranty, whichever is longer. For uplifts for increased warranty Service Levels (SLA), consult with the contractor for a quote or look in "Attachment C", as various Service Levels may be priced there.

Maintenance is defined as repair or replacement services provided after the expiration of the warranty period. Maintenance services and various SLAs are priced in "Attachment C". Standard Principle Period of Maintenance (PPM), whether during the warranty period or follow-on Maintenance period, will be 8 AM to 5 PM, Monday through Friday, excluding state
